COMPANY

Çetlas-Çetinkaya Rubber Industry and Trade started its Rubber manufacturing activities in 1993. With our modern machinery and equipment, and our experiences in the domestic market without compensating anything from the honest trade norms within the frame of fair competition, we are working for our customers with mutual confidence.

Our Field of Activities;

Rubber floor wiping, glass wiping rubbers, rubber and sponge blades, O rings. Eva seals and Eva plates in various sizes. Besides our completely standardised products, it is our biggest mission to meet special sizes of our customers and companies.

Çetlas-Çetinkaya Rubber Industry aimed at improving its production quality, following always developed technology and increasing growing trend year-by year.
